Where something has happened that triggers the duty of candour, our staff report this to the care home manager who has responsibility for ensuring that the duty of candour procedure is followed. The manager records the incidents and reports them as necessary to the Care Inspectorate. When an incident has happened, the manager sets up a learning review. This allows everyone involved to review what happened and identify changes for the future.

All new staff will learn about the duty of candour at their induction moving forward. We know that serious mistakes can be distressing for staff as well as people who use care and their families. We have occupational welfare support in place for our staff if they have been affected by a duty of candour incident.
